Brandeis Requests Use of Cedarwood Playground

It has come to our attention that Brandeis University is seeking permission from the Parks and Recreation Department to "use the Cedarwood Playground on a limited three-month schedule during the academic year...for touch football intramural competition from October 1 to November 15, 1986 and softball intramurals from April 1 to April 30." This would include access to the basketball court. According to the director of athletics they would be on the field after 3:00 p.m. when in use.

In return for use of the field the athletic director indicates that Brandeis University's Dept. of Physical Plant and Facilities "will remove the ruts in the softball outfield and generally maintain the field, reseeding if necessary...fix up the basketball court, replacing the rims and backboards if necessary and painting in the appropriate lines."

In addition, Brandeis would be willing to "run clinics for the children in the neighborhood on the Cedarwood Field at mutually agreeable times"...possibly to "run a basketball clinic there during the Boston Celtics Rookie Camp next summer, especially if the basketball court is made available to the Celtics during their time at Brandeis."

Do we want the Parks and Rec. Dept. to grant permission to Brandeis to use the Cedarwood playground for the purposes stated above? It has been noted that football players were using the playground on a recent Sunday afternoon. Councillor Graves has gone on record as being opposed to this request.

Some individuals have expressed interest in forming a committee to determine the prevailing opinion of Cedarwood residents and, should permission be granted, monitor the terms of the agreement. A meeting will be held on Tuesday evening, October 14 at 8:00 at 24 Cedarwood Avenue for anyone wishing to be on this committee.

If you have an opinion on this matter or wish to serve on the committee, please fill out the tearsheet below and return it to 24 Cedarwood Avenue by October 14. The Cedarwood Association will report its position to the Parks and Rec. Dept. before the vote is taken on October 22. (Please turn over)
